

MUEGGE Confirmation on Restricted Countries and Territories

MUEGGE is committed to adhering to all applicable (re-)export laws and regulations, both domestic and international. We recognize the importance of ensuring compliance with these legal frameworks, not only within our own operations but also in collaboration with our partners and stakeholders.

As part of this commitment, MUEGGE endeavours to assist its contractual partners in complying with the relevant export control requirements that may apply to their transactions. This statement reflects our shared goal of promoting lawful and responsible business practices in the global marketplace.

1. When passing on the goods to third parties, MUEGGE complies with the applicable provisions of national and international (re-)export control law, including any embargoes, sanctions or other restrictions on the trade in goods. In particular, MUEGGE will comply with the (re-)export control regulations of the Federal Republic of Germany and the European Union when passing on the goods to third parties.
2. The following applies to MUEGGE products that fall within the scope of Article 12g of Regulation (EU) No. 833/2014 or Article 8g of Regulation (EC) 765/2006 in the currently valid version, or the corresponding Swiss regulations:
 - 2.1 MUEGGE refrains from selling and exporting goods and their technology to the Russian Federation or Belarus that fall within the scope of Article 12g of Regulation (EU) No. 833/2014 or Article 8g of Regulation (EC) No. 765/2006 in their current versions, or the corresponding Swiss regulation.
 - 2.2 As soon as MUEGGE becomes aware of any information that could frustrate the purpose of Section 2.1, including any activities of third parties and MUEGGE's customers, MUEGGE will promptly notify the Supplier.
