

# STRIPPING-TOOL - MA1250D-117BB

Category: Plasma systems

## BILDERGALERIE

## ADDITIONAL INFORMATION

|                                    |                             |
|------------------------------------|-----------------------------|
| <b>Typ</b>                         | Stripping-Tool              |
| <b>Type of tool</b>                | R&D / Pilot Production Tool |
| <b>Line Voltage [V]</b>            | 400                         |
| <b>Process gas 1</b>               | O2                          |
| <b>Process gas 2</b>               | N2                          |
| <b>Process gas 3</b>               | CF4                         |
| <b>Process gas 4</b>               | -                           |
| <b>Process gas 5</b>               | -                           |
| <b>Process gas 6</b>               | -                           |
| <b>Product Temperature sensors</b> | 2                           |
| <b>Chamber size [mm (inch)]</b>    | 245 x 245 (9.65 x 9.65)     |
